

# Media Access To Images

**If you would like to register for access, you need to:**

1) log into our site at [www.gameday.photoshelter.com](http://www.gameday.photoshelter.com) and click the link “my account” and follow the prompt to sign up for a free account. (or click here <https://gameday.photoshelter.com/signup/signup/free>)

2) Email us at [media@gamedayphotography.ca](mailto:media@gamedayphotography.ca) and indicate what organization you are from and what the images are being used for. Once approved, we will then provide you download access to the requested galleries within a few hours of your sign up. Approval will be based on an agreement between your organization and Game Day Photography.

Once approved, you will have use and access to a vast collection of high-resolution images including a virtually unlimited search capacity. Type in a player’s name and you will be able to view every image in our database of the specified player. An extensive keyword collection will enable you to search for an image with ease.

**Editors and Team representatives will also notice that each image is captioned which will provide a foundation for editorial comments and or headlines. Captioning is in accordance with the International Press Telecommunications Centre Standards. All Meta and EXIF data is enclosed.**

Each agency will be provided access to download images to a maximum of 800px at 300DPI high resolution image. This should far exceed editorial requirements.

In order to download an image find the image you require and click the “download image” button it’s that simple. (**do not click “add to cart”** that is for the general public when they are purchasing an image).

Images are **free to be used for your organizations “editorial purposes”** only. Images may not be shared with 3rd party organizations. If a need exists for the full size image or for commercial use, requests can be made to Game Day Photography. Violation in any Terms of Usage will result in access to images being removed.

Photo credit must be given for all images used.

If you require any assistance please feel free to contact me at your convenience.
